Sahil Rai

Studying Computer System Technology at BCIT
Delta, British Columbia, Canada

Summary

Hi, my name is Sahil

Studying Computer System Technology At the British Columbia Institute Of Technology

Indian Native, with a passion for coding.

As for my future, I hope that one day I will work as a Senior Software Developer and work with a diverse team

In my free time, you can either find me playing Cricket or watching Formula 1 races but of course only those races where my favorite driver did well.

My main strengths are Creative Problem Solving, Java, C, MERN, Design Patterns, Critical Thinking, and Workload Management.

Experience

Buble
Project Manager
August 2022 - December 2022 (5 months)
Vancouver, British Columbia, Canada

Developed a scalable advertising web application matching enterprise-level site using HTTP/2. I made a strong backend of for the web app using PocketBase, NodeJS, and ExpressJS to make the app more like as an enterprise-level.
make the app have more AJAX and asynchronous functions

Developed, maintained, and executed 60% asynchronous testing throughout the application using Mocha-Chai

Collaborated with senior management to grow Instagram and LinkedIn accounts for marketing purposes

Accenture
Summer Web-Developer Intern
June 2022 - September 2022 (4 months)
Vancouver, British Columbia, Canada

Collaborated with team to make an 60% of Async/Await and Promise Chains using NodeJS within projects

Implemented and maintained routes using ExpressJS to keep the web app together

Learned to perform asynchronous testing using Mocha and Chai

Developed object-oriented code in NodeJS with 100% accordance with company standards

Provided clean, clear and well-tested code by often testing and then refactoring the code before submitting

Raj Rai Real Estate
Bookkeeper
October 2020 - December 2021 (1 year 3 months)
Langley, BC

Analyzed financial statements, business summary reports and dashboard recaps to attain data regarding business

Maintained client's information and business expenses on daily basis

Verified and maintained accurate recordkeeping processes and reduced financial inconsistencies
